

CONGRATULATIONS ALTA SIERRA STUDENTS AND STAFF!

The Bonner Center's Validation Team that visited Alta Sierra on February 14, 2017, made its recommendation and endorsed Alta Sierra Intermediate School for its 2017 Character and Civic Education Award!

The team of 5 Fresno State professors felt that all aspects of the school's application were validated and that our students were excellent ambassadors for the programs we provide, and that those programs were fully supported by our students and their teachers and parents.

Our students spoke very highly of the teachers and staff members in regard to having high expectations coupled with the support to achieve those expectations.

The panel was very interested the schoolwide Respect Agreements. Our students articulated the process and explained the "why behind the what" very eloquently and impressed the panel repeatedly throughout their validation visit.
