

It was a great time this weekend as BHS and ASI hosted the State Destination Imagination Competition this past Saturday. All 5 teams displayed high levels of Bear pride, good sportsmanship and positive attitudes for starting off our raining morning. Each of our teams competed against many other top placing schools from around the state. As a result the team, "Duly Noted" will be advancing to the Global competition held in Knoxville, TN in May. Please wish these BHS students good luck as they advance forward in competition!
